JEFFRYHILL@SBCGLOBAL.NET**

THANKS FOR THE COLOR, ALLAN!

We thank **Allan Lindsay** for printing the color copies of *Galt Traffic* that are mailed with the Galt Airport monthly statements. Allan keeps his nice looking Warrior II in hangar G-8. Allan and **Warren McDonald** are also lending a hand in an attempt to give our chapter web site an update and a face lift.

NOVEMBER MEETING

At the November membership meeting, **Greg Donski** and **George Davie** were re-elected to their fifth and third terms as President and Vice President, respectively.

John Theriault, who has headed up our Chapter's EAA Air Academy scholarship program since its inception in 2002, asked to be relieved. His teaching and coaching duties at Woodstock High School didn't allow him the time he thought was necessary. **Pamela Hack** was elected to replace John as youth coordinator and Chapter Director. EAA 932 members thank John for the great job he's done for us these past six years and wish Pam every success and all our support in the future.

President Greg Donski, Youth Coordinator Pam Hack and Vice President George Davie

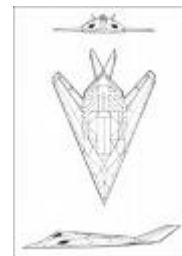

F-117 Nightstalker

**DEC. 8, 2007 MEETING – SPECIAL GUEST
F-117 PILOT CAPTAIN GARY GEE**

Join us for complementary coffee 9:30 to 10:00 Video: *Nightstalkers* – The amazing but true story of the stealth aircraft that for nearly a decade

held a secret trump card for America. A plane built in total secrecy, flown only at night, whose very existence was never admitted. The F-117A, designed with the help of a supercomputer, is America's greatest secret weapon since the atomic bomb.

Our guest, Captain Gary Gee is a friend of **John Theriault** and agreed to join us at his request. "Gary was in the Air Force for over 20 years and was one of the original pilots of the F117. He is the pilot that set the endurance record of over 13 hours without landing over the Arizona desert. It was all top secret when he flew." After the video, Captain Gee will be happy to answer your questions about this fascinating aircraft.

AOPA SEMINARS NOW ON LINE

The popular AOPA Air Safety Foundation safety sem-inars are now available on line along with the other safety / proficiency courses. Check it out...

FROM OUR 2007 AIR ACADEMY SCHOLARSHIP WINNERS

Austin Emery, 15. You might have met Austin at the October meeting where he gave a short talk and answered questions about his Air Academy experience. Austin has put together a PowerPoint "slide show" that we hope to adapt for use in schools publicizing the 2008 contest.

Matt tries his hand at gas welding

Matt Kazy-Garey, 16: "I cannot thank EAA Chapter 932 enough for the biggest aviation experience of my life.... Thank you again for this educational experience as I know it will further my opportunities of becoming a United States Air Force fighter pilot."

Matt and Amy at the EAA Air Academy Lodge

Amy March, 16.

Joe Was, 16: "...The Oshkosh scholarship was awesome. It was an experience that I will never forget.... We went to the airshow, and I saw all that it offered. I met an air force pilot, I also met a professional skydiver. We learned things about aircraft and built some things out of aircraft grade (material) like a spark plug holder, a clipboard, and rib (for) a wing. We also rode in a helicopter. The best part was when I flew a Cessna 172; I took off and did some maneuvers. It was truly an amazing experience. The week went by so fast.... That is some of the things we did...."

2007 CHAPTER CALENDAR

Join us for coffee at 9:30 prior to the meetings!

DEC 8 EAA 932 MEETING @ 10 AM (video – *Nightstalker*)
